Disposable Paper Plate Dies & Mould

We are committed to manufacturing, exporting and supplying our enormous range of Dies, formulated using qualitative factor inputs with complete operational functionality. Precisely engineered by our experienced personnel, the dies are widely appreciated in the international markets. These are available in variety of sizes and models and at industry leading prices. Moreover, our clients can avail these with accurate dimensions as per the international standards. Further, our products are used in various sectors in the industry such as metal casting, precision metal casting and metal casting dies

Moulds are manufactured for shaping the paper material, using finest flexible raw material with a rigid frame or model.
